HENRY HEWITT

Gentleman, scholar and master teacher are words that describe Henry Hewitt the person to whom this year's Tech Tiger is dedicated. Mr. Hewitt, a graduate of Harvard and chairman of the Tech Mathematics Department, has been at Tech since 1935 with time out for a brief stint in the Armed Forces of World War II.

Well-liked by students and fellow teachers, Henry has been a vital link in our mathematics department, always willing to help the poor student, encourage the average, and challenge the strong. Many younger teachers have profited from the examples that he set in his classroom.

An avid follower of Tech sports, Mr. Hewitt is often seen cheering for the Orange and Black on the court, the gridiron and field.

We have missed this man during the past year. We wish him success and happiness in the years to come.

**You're getting
your high school
diploma.
Now what?**

You could sit back. Settle down into a job you don't like. And do nothing with your life.

Or you can stand up. And check out the Navy. Its challenges. Opportunities. Rewards.

If you qualify, we'll train you in a high-skilled job field.

Like navigation. Lab technology. Construction. Jet mechanics. Hydraulics.

There are no easy jobs in the Navy.

But there are solid, satisfying ones.

Whether you lead a group of men in Hawaii. Or make it on your own merits somewhere in the Mediterranean.

You'll work, laugh, learn, make new friends. (And swab some decks, too.)

For all the facts, talk to your local Navy Recruiter. Or call us anytime, toll-free, at 800-841-8000.

A good job. A good life. The Navy: it's a good deal.

Be someone special. Join the Navy.
